DATE MAILED:

**Commissioner for Patents**

a) The IDS filed 08/26/2010 is deemed to be proper for entry since their compliance is established in accordance with 37 CFR 1.97 and 1.98.

b) Initialed and signed IDS filed 8/26/2010 is attached. The attached IDS filed 08/26/2010 does not affect patentability because the cited references do not read on the instant claims. Specifically, JP 54-122263 teaches an epoxy resin composition useful for producing resin-sealed semiconductor device comprising a curing agent, but fails to teach an epoxy resin defined by the claimed General Formula (I). Accordingly, the reasons for allowance mailed 07/23/2010 remains valid.
